R.H.D. 1B. Br.

The Collector of Dharwar has recommended a loan of Rs. 3000/- in this case. The applicant is already running a grain shop in partnership with another displaced person. But the income therefrom is not sufficient for the maintenance of his family. The amount of loan will be utilised for running a flour grinding mill. As regards security, the machinery when purchased will be got mortgaged.

2. The amount of loan recommended appears to be reasonable and may be sanctioned. If the above is agreed to the F.D. may see this n.o. for concurrence

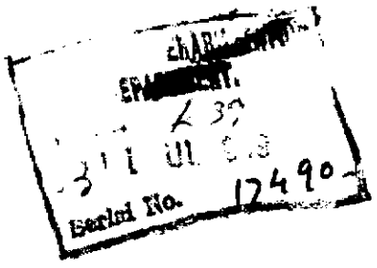
Subject:- Displaced persons
Grant of resettlement loans to ------

.....

No.R.H.G.L.R. 35
Dharwar 7 -7-49



Letter.

To

The Deputy Secretary to Government,
Rehabilitation Department,
Bombay.

I enclose application dated 21.6.49, 20.1.49., 20.6.49 and 20.6.49 from Mr.Ramchand Balamatrai a displaced person from Pakistan, for a resettlement loan of Rs.5000/- for your perusal. The displaced persons in this District have not formed any co-operative Society through which the loan asked for, can be granted according to the policy of Government as enunciated in G.R. Relief & Rehabilitation Department No.R.-69-B 9th August 1948. The request of the applicant may therefore to be considered with special reference to individual merits of his case.

The applicant with his family consisting of 12 members in all, migrated to this District in the month of Jan. 1948. He is duly registered at S.No. 44 at the Dharwar Town Police Station, Registering centre. He has been, since the time of his arrival in this dist., maintaining himself on his own, and is now experiencing great difficulty in making out his existence. He has spent whatever he had, and is now mainly depending on his meagre income from the Authorised Retail Distribution Grain shop and the salary of his daughter who has been recently appointed by the as saleswoman in one of the Govt. cloth shops. This is purely temporary job. The income is not adequate for his maintenance and he intends to supplement it by starting a grinding -mill and also by running the grain shop independently of his other partner.

From the application dated 20.6.49 it can be seen that the applicant intends to utilise the loan as under:-

[illegible]

[illegible]

For the personal Consideration of the D.M.

Maratta Colony,
Dharwar, 31st March'49

To
The District Magistrate,
Dharwar.

Dear Sir,

I have to introduce myself as a displaced destitute from west Pakistan. I am laying down my history after I arrived here in Dharwar and my circumstances have become worthy pitiable and worth helping from out of Govt: funds.

I Came here with my family Consisting of 11 members, in the end of January 1948. All the 11 members of my family are dependent upon me only.

I Searched here for some businesses and after all I got a Fair Price shop from your honour. I had no Cash money to invest in the business. Therefore had to sell all the ornaments of my wife which yielded about Rs 1000/- and invested in this business. Finding this amount as insufficient I had to take up another refugee brother as my partner. After a Couple of months some misunderstandings arose resulting in dissolving the partnership on 31.1.49. During the above period of my partnership I Consumed all what I had invested by overdrawing above the actual profit as it was not sufficient to live upon.

I took up another refugee as my partner who invested the whole amount. The month of February 1948 Could give me so much that I Could hardly make my two ends meet. After this the Fair Price Shops were changed into ARO's and 20 more Shops were opened thus increasing the no of shops to 30.

Recently two more shops have been opened in my ward and thereby decreasing the profit so much that it would not even cope up with the recurring expenses of my shop. The result of this has been, that I am not able to pay the rent of last month and other bills too. My condition therefore has become most pitiable and too much and worth helping from Govtt. Funds.

So long I could maintain myself I did not like to approach you for any financial or other help but now that I have been handicaped and have entirely no other source but to approach your honour to help me out at this critical juncture

In view of the above facts therefore I have to request your honour as follows in order to encourage me to settle down here.

1. I may be granted a loan of Rs 5000/- (as provided by the Government in case of deserving displaced persons from Pakistan) to run the present shop independantly.

2. I may be granted an aid of Rs 250/- per month for two months to maintain my two ends meet and till then I expect to stand on my own legs.

OR

3. To send me to a nearest refugee Camp where I can get free shelter and rations till I get some suitable occupation to live upon, and arrangements be made to grant me free Rly. tickets for my family and luggage.

In the end I may point out to you that earlier I had no inclination of being a liability

on the STATE level the present circumstances have compelled me to approach your honour for the above help though much against my conscience.

I hope you will kindly consider over my case sympathetically and help me out as you are fully authorised to help such deserving displaced persons from Pakistan like me to encourage them to settle down where they are, and thus earning our gratitude and blessings of God Almighty. By this you shall be saving me and my family consisting of infants and small children from starving and to litigations by land-lord and others to whom I owe the bills of last month as well as of this month which ends today.

Thanking you and awaiting for a speedy favourable reply from your goodself.

I remain

Yours faithfully

Rameeruddin Salamatrai

[illegible] Colony,
Ajmer, dated 20th June 1949.

To,
The Collector of Ajmer,
Ajmer.

Re- Loan to displaced destitute from West Pakistan.

Sir,

In my application of 31st March 1949, I had requested you to either advance me a loan and an immediate relief or to send me to a Relief Camp wherein I shall get free shelter and rations for the time being till I stand on my own legs. Further I have disclosed in my application dated 20th May 1949, that the question of my [illegible] to a relief camp may please be considered after the question of granting me loan and other financial help is determind. I therefore request you that due help and co-operation be given to me to enable me to rehabilitate here only.

Recently you have very kindly given an appointment to my daughter for which I thank you from the bottom of my heart, but her pay will not suffice to help me to maintain my whole family hence an additional income of Rs.180/- p.m. is most essential to make my two ends meet. Apart from that her appointment being temporary one, it can not be relied upon. You might well say that I have been allotted a grain shop out of which I must be getting enough to meet with my monthly expences, but as I have got no funds I have to necessarily take up a partner to finance me. In that case I am hardly getting about Rs.50/- p.m., and moreover it is not only a thankless job but the more one deals honestly the more he is entraped under wrong predictions. I am holding this ration shop because I am getting nothing out of it but not as much as I am working. I am therefore in favour of having some appointment fetching me atleast about Rs.180/-p.m. As I can not expect such appointment I have to stick to this business and side business of having a grinding mill for which I require funds from the Government to enable me to run the business independently. Under the circumstances I have to approach you for granting me a loan for which I am ready to abide by the provisions made in the Government Resolutions regarding granting loans to displaced persons for rehabilitation.

Owing to insufficient income I have been unable to pay rents, School fees and some other miscellaneous bills. In this respect I have requested your Honour for immediate financial help to enable me to pay off these arrears and be free from the harrasments of my creditors and live peacefully. If the above bills are not settled soon I must be involved in litigations which shall lead to my troubles and must make life worth not living.

4/20/6.

Providing it shall not be out of the point to disclose here that apart from clothing to my family members, I am not able to give them two full meals. This must tell upon the tender health of my children and time is near when we all the eleven members be victims of ... starvation and thus perish as its result. Moreover you can very well realise, sir, that if the children do not get sufficient food they are sure to go astray and must acquire bad habits of stealing and snatching eatables whenever they get chance.

Therefore to free from all these worries and anxieties and to induce a destitute displaced family to settle down where it is, I most humbly request your goodself to be so kind as to grant me a loan and immediate financial help to run the business independently and pacify the above clamouring bills. I go to this extent even to request you to form out to me at least Rs.300/- from your personal force fund which will be appropriated immediately when the Government advances the amounts requested for. This shall be doing a service to a drowning [illegible] when we all the eleven members of the family will bow down with folded hands to pray God Almighty for your long life and full prosperity.

In the end I have to impress upon you, that I did not seek for any kind of help as far as I could maintain myself and my family members. It is now [illegible] have compelled me to approach you for help finding your Honour of a most helping nature and at the same time a philanthropic person. The Government Resolutions are there for help and now are meant to meet the [illegible] displaced destitutes like me.

Thanking you and assuring you of our blessings which must raise you to still higher position.

Yours faithfully,

Ramchandra

(Ramchand Salamatrai)
Displaced destitute.

To

The Collector of Dharwar,
Dharwar.

Sir

As directed by your office I beg to submit herewith a copy of my Registration certificate for your perusal.

Further I have to state that the amount of Rs 5000/- to be advanced to me as loan shall be utilised as under

Rs 3000/- for one Grinding mill
Rs 2000/- for grains Ration Shop.

I may further state that I do not want Cash for Grinding mill if you can supply me one.

In the end I have to request you to kindly settle my question of advancing loan immediately as I am actually starving.

Thanking You.

Yours faithfully
Ramchandra Balaudi
